Renewal Preference

Many Training Coordinators want their trainees to enroll in the subsequent year of the program automatically after they successfully complete the final exam in their current year. Other Training Coordinators want to keep their trainees on a set schedule. With this in mind, please indicate which alternative you want us to follow.

We want our Trainees automatically renewed into the next year of the Merchant Program after successfully completing their Final Test in their current year.

Please wait until you receive a Renewal Application from us before beginning our trainees into the subsequent year of the Merchant Program.

Company Name: _____

Coordinator Name: _____
